EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Costigan on November 22, 2005.

The instant amendment serves to correct matters of form and to bring the claims into full condition for allowance.

The application has been amended as follows:

In the claims:

In claim 1, line 1, the language "Improved" has been replaced with "**A**".

In claim 2, line 1, the language "Device" has been amended to read "**The device**".

In claim 3, line 1, the language "Device" has been amended to read "**The device**".

In claim 4, line 1, the language "Device" has been amended to read "**The device**".

In claim 5, line 1, the language "Device" has been amended to read "**The device**".

In claim 6, line 1, the language "Device" has been amended to read "**The device**".

In claim 7, line 1, the language "Device" has been amended to read "**The device**".

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The features of an opening completely closed by a mobile wall that moves forward and backward in combination with gripper elements from above that are only activated when said mobile wall is absent renders the invention novel and non-obvious over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
